| 06/18/2026    | Bowie House | Laura Cottler | <p><b>Note 1:</b> Created by Zachary Manasan at 06/19/2026 08:11:25.</p> <p>Went to drop off the Pack N Wood samples they requested while we wait for the China to come in for their custom plates in the restaurant Bricks and Horses. They are going to play with the samples that you can back in boxes and see if they work. They are interested in the Coffee Bean Straws as well as the Cutlery Kit because they are fully compostable. Will update me for what options they want to get quoted on.</p> | Packnwood | <p><b>Note 1:</b> Created by Zachary Manasan at 06/19/2026 08:11:25.</p> <p>Went to drop off the Pack N Wood samples they requested while we wait for the China to come in for their custom plates in the restaurant Bricks and Horses. Also talked about some promotions that we have going on for glassware. Only issue is we need to investigate more about what dealer Invited Clubs all orders through. This is the 3rd club that I have talked to that are interested in some of our products but they must order through the dealer Concier 1 or something like that. He is going to confirm with me the portal.</p> <p><b>Note 2:</b> Created by Zachary Manasan at 05/29/2026 11:14:55.</p> <p>Met with Club Manager and setting up a meeting to learn more about their operation and how we can help support in the short conversation we had in sending over Catalog of On the Table for custom wood boards for their steak entrees.
